## Canuck Towing App

Available on the App Store and Google Play!  
Keeping vehicles moving from city to city through out British Columbia.

Often we receive calls from dealers asking us to grab there dealer trade or recent purchase from the auction just after leaving town. Well now, through the Canuck app we can send out push notifications a day or two before we go load at Adesa or the Richmond auto mall to get loaded for one of our regular runs like Kamloops, Kelowna, Penticton Nanaimo and Victoria. Having the App installed gives you the opportunity to get your sold unit that your customer is calling about to your lot and in your customers hands that much faster.

### Q: Where do we transport to and from?

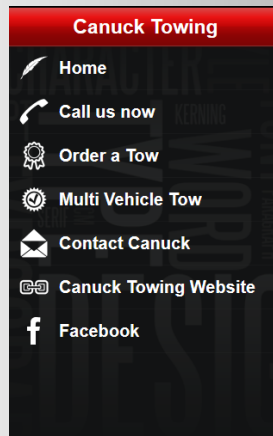

A: Most every city in BC including Vancouver Island. Regular runs include Kelowna, Kamloops, Vernon, Penticton, Merritt, Victoria, and Nanaimo.

### Q: What about outside of BC?

A: We transport vehicles to Alberta (Calgary and Edmonton) and a major part of our regular work is across the border into the USA. All over Washington or anywhere un the USA.

### Q: Where else can we ship to?

A: We can move your car anywhere in the world. It does not matter where you want to ship a vehicle to or from. If it's going to or from BC your 1st call should be to Canuck.

Order vehicle shipping from within the app. No phone calls needed. It's like having our dispatch team in your pocket with you at all times!

We are located in Queensborough, (New west) Just down the road from the rail yards, WWL, and Adesa.

Canuck Towing transports vehicles from the lower mainland to all points in BC, Alberta and the USA. Canuck Towing are the leaders of Cross border vehicle importing and exporting on the west coast. No job is to small. We offer Open, enclosed, and specialized trucks with professional and courteous drivers.

Download the App to your Phones or Tablets or visit our website
